### Home Circle Column.

#### A Column Dedicated To Tired Mothers as They Join the Home Circle.

Success in life does not always mean wealth, fame or position. You may be poor in all of these but you can be rich in mind and character. The world within you must be developed before you can enjoy the world without you. If you have wealth put some of it into brain power and you can never lose it. If you are poor you cannot afford to be poor in both mind and pocket. You can have the wealth of a trained mind and a noble character. Rely on your own efforts. Thousands of worthy persons have obtained an education without the assistance of wealth or friends. You can do it. Success often depends on the sacrifices made and obstacles overcome. To succeed in anything requires hard, honest work. Determine to do the best you can with the facilities God has given you.

#### TO YOUNG MEN.

If young men desire success in life, in the purest and truest sense of the term, success that culminates in a noble, stainless life, enduring, exalting and humbling, even after passing over the unseen, it is certainly very essential that their character be founded on unswerving loyalty to the broad and enduring principles of religion. An unbeliever may become a great man, without doubt, if he has the energy, ambition and talent; but an intellect of the highest order must be based upon Christianity. There exists at the present time so many temptations to lead the young, the pleasure-loving and thoughtless astray, and such an utter disregard of honesty, virtue and truth among many of our leading men, that a wide field of usefulness is open to the honest and upright in heart. Why should not you, young men, just stepping upon the arena of life, bring your attention to the great principles of morality and a clear head in the confusion and confusion of many great evils? Will you do it?

#### TIME DOES IT.

Time has a wonderful power in taking the rough out of persons. When a young man first enters from the schools and enters upon the career of life, it is painfully apparent to witness his self-conceit—he would have all the world to understand that he has "learned out"—that he is master of all knowledge, and can unravel all mysteries. But as he grows older he grows wiser; he learns that he knows a great deal less than he supposed he did, and by the time he reaches his thirtieth year, he is prepared to admit his own the sentiment of John Wesley, who said: "When I was young I was sure of everything; in a few years, having mistaken a thousand times, I was not half so sure of most things as I was before. At present I am hardly sure of anything but what God has revealed to man."

#### HOME INFLUENCES.

Rascally and scoundrelly people come for the most part from hitherto homes, from undisciplined homes. Parents harsh and cruel on the one hand, loose in their government—wickedly loose in their government—are raising up a generation of vipers. A home where scolding and fretfulness are dominated is blood relation to the gallows and the gall. Petulance is a serpent that crawls up into the family nursery soon times and crushes everything. Why, then, are parents who even make religion disingenuous to their children. They scold them for putting in all their leisure time at church or some church gathering. They have an exasperating way of doing their duty. The house is full of the warwhoop of contention, and from such a place his band and son go out to die. The world grows old, and the stars will cease to illuminate it, and the waters to refresh it, and mountains to guard it and its long story of sin and shame and glory and triumph will soon turn to ashes; but influences which started in the early home roll on and roll up through all eternity blooming in all the joy, waving in all the triumph, or shrinking back into all the darkness. Father, mother, which way

are you leading your children?

#### FASHIONABLE MARRIAGE.

Truly, marriage, fashionably considered, is as far from marriage humanly or divinely considered as it is possible for a burlesque to be from an original. It is the union of two persons—body, mind and soul—for life, "for better, for worse, for richer, for poorer." In burlesque it is an arrangement by which two persons appear to the world as one, sit together at the table, occupy the same rooms, have their names on the same cards, sit in the same pew and opera box, but beneath which they hide a great deal of incongruity, and behind which they lead separate lives. In the original it is a connection which forms the basis of a home; in the burlesque, it is a connection which furnishes the pretext for keeping up an establishment. In the original it suggests quiet fireside occupations, domestic tastes, books, talk, reading, cozy rooms comfortable easy chairs, affectionate confidence between man and woman, plans for entertainment and improvement, household economies, all of the varied enjoyments, that can be had between four walls of brick or wood; in the burlesque it suggests dissipation, excitement, engagements to dinner, company, parties where no one thinks of sitting down for a purpose, dexterity, gliding velvet carpets, mirrors, chandeliers and gilt books, absence of confidence, estrangement, divided interests, a late breakfast table with one sitting at it, feminine solitude, and masculine hilarity or something else in the evening, coldness, indifference, extravagance, absence of economy, intrigue, perhaps.

### FOR CONGRESS.

Ellis E. Lawrence, of Boyd county, authorizes us to announce his candidacy for Congress from the 9th Congressional District, subject to the action of the Democratic convention.

Congressman James A. Hughes has again been nominated by the Republicans of the West Virginia District just across the river from us. This is his fifth nomination and it was made by acclamation this time. This is good proof of his popularity and efficiency.

The price of white paper on which newspapers is printed is higher than was ever known. One of the strongest trusts in existence controls not only the mills making the paper but the vast forests that are available for its manufacture. Since the formation of this trust the price of paper has increased nearly 200 per cent. The Big Sandy News is now paying 150 per cent more for paper than formerly and we are compelled to buy about \$200 worth at one time in order to get below the 200 per cent increase. Before the trusts got control we could buy in much smaller quantities at reasonable prices.

The burden upon publishers has become so great that the most prominent newspaper men of the United States have arisen in their might and demanded action from Congress. Regardless of political affiliations they are asking that the tariff be removed from wood pulp. This would open the Canadian spruce forests to us and result in independent paper mills being built.

A large majority of the members of Congress, Republicans and Democrats, have agreed and pledged themselves to support the proposition to put wood pulp on the free list. Speaker Cannon, the most absolute czar who ever presided over the House, put his foot down upon it and said no such bill should even be allowed to come before Congress.

Thus Cannon becomes the whole House. What is the use of electing and paying a lot of Congressmen to represent us if they cannot get a chance to vote except on what Cannon desires? He took this matter into his own hands and appointed a committee to "investigate" the paper trust and report at the next session of Congress, which will be after the Presidential election. A bigger fake was never perpetrated on the public, unless it is the similar action forced by Cannon in the matter of a general revision of the tariff. A great many able men in the Republican party are convinced that the tariff must be revised and lowered, or the public will turn them out. Cannon is a "stand-patter" and believes in standing in with the manufacturers and then making them buy the offices for his party with the fortunes flickered from the people under the tariff. He thinks he can again fool the people by appointing a commission to investigate the tariff with a view

to revising it. Such rot is sickening. Does he think the people are such fools as to believe there is any sincerity in this move? They all know this is an old trick to quiet them in a presidential year.

Nothing will be heard of this plan of revision for four years.

A large committee of the most prominent newspaper men in the country went to Washington a few days ago, and Mr. Cannon has been very uncomfortable ever since. He is now trying to figure whether the campaign contribution from the paper trusts will buy as many votes as this arbitrary action of his will lose.

Ex-Senator Johnson N. Camden died in Baltimore last week at the age of eighty years. He was one of West Virginia's wealthiest and most prominent men. He was the last Democratic member of the U. S. Senate from West Virginia. For several years he had been interested with J. C. C. Mayo, of Paintsville, in large real estate and mineral deals and the two men were very close friends. Senator Camden was a very shrewd business man and one who did much in the way of developing the country. His death is a public loss.

## PAIN

Pain in the head—pain anywhere, has its cause. Pain is congestion, pain is blood pressure—nothing else usually. At least, so says Dr. Shoop, and to prove it he has created a little pink tablet. That tablet—called Dr. Shoop's Headache Tablets—cools blood pressure away from pain centers. Its effect is charming, pleasingly delightful. Gently, though safely, it surely equalizes the blood circulation.  
If you have a headache, it's blood pressure. If it's painful periods with women, same cause. If you are restless, nervous, it's blood congestion—blood pressure. That surely is a certainty, for Dr. Shoop's Headache Tablets stop it in 20 minutes, and the tablets simply distribute the mms sum blood pressure.  
Bruise your head, and doesn't it get red, and swell, and pain you? Of course it does. It's congestion, blood pressure. You'll find it where pain is always. It's simply Common Sense.  
We sell at 25 cents, and cheerfully recommend

Amy Stewart.

The dreaded monster has come among us again, this time to the home, and has taken from us our beloved sister, Mrs. Amy Stewart. She was 93 years, four months and a few days old, and a daughter of the Rev. John and Kista Pannin. In early life she cast her lot with Absalom Stewart, who preceded her to heaven. To this union ten children were born, five of whom have gone to live in the world beyond.

She gave her life to Christ in early years. Thus she demonstrated the wisdom and truthfulness of the statement made by Solomon: "Remember man thy Creator in the days of thy youth, while the evil days come not nor the years draw nigh when thou shalt say, I have no pleasure in them. She united with the M. E. church, and remained in that church until the church divided. She then united with the M. E. Church South and was a loyal member. Her home was the preacher's home, having been trained to this in her infancy by her father, who threw open the doors of his home to our preachers when he was a young man. She was not only loyal to the church, but she was also a faithful helper. She was not only loyal to the church, but she was also a faithful helper. She was not only loyal to the church, but she was also a faithful helper.

Her illness lasted three weeks. Everything was done that could be done by kind hands, both of friends and relatives, to ease her suffering and stay the hand of death, but the Lord needed her and said, "Come up higher."

The children have lost a kind and loving mother, the church a loyal member and the community a friend who was a friend, indeed. Her funeral was preached by Rev. Isaac Paulin to a large concourse of people, taking as his text 1 Thess. 4: 13, after which the body was laid to rest in the Paulin cemetery, near East Fork, Ky. Though she rests from her labors her works do follow her.

The pains of death are past. Labor and sorrow cease. And life's long warfare closed at last.

Her soul is found in peace. Soldier of Christ, well done! Praise by thy new employ; And while eternal ages run Rest in thy Savior's joy.

E. V. Perry.

Tired nerves with that "no ambition" feeling that is commonly felt in spring or early summer, can easily and quickly be altered by what is known to druggists everywhere as Dr. Shoop's Restorative. One will absolutely note a changed feeling in 48 hours after beginning to take Restorative. The bowels get sluggish in winter-time, the circulation often slows up, the kidneys are inactive, and even the heart in many cases grows decidedly weaker. Dr. Shoop's Restorative is recognized everywhere as a genuine tonic to those vital organs. It builds up and strengthens the worn-out weakened nerves, it sharpens the falling appetite, and universally aids digestion. It always quickly brings renewed strength, life, vigor, and ambition. Try it and be convinced. Sold by all dealers.

Notice.

## Gathered Here and There.

Possibly salt is not sufficiently valued outside of its uses in seasoning food and freezing leas and other well-known uses. Tired eyes bathed in salt water will be soothed and strengthened. Sprinkled over rugs and carpets, it protects from moths and brightens colors. Mosquitoes will not attack faces and hands which have been bathed in strong salt water. Insects of all kinds abhor the taste of it.

If soap is rubbed over the finger tips and pressed under the finger nails before one goes to dig in the garden, the hands are easier cleansed and the nails kept free from unpleasant roughness.

Crushed eggshells put into bottles that refuse to become clean by ordinary washing and shaken with a little water, will clear the bottles.

In cleaning knives a piece of raw potato is valuable in applying the powder. It has good cleansing qualities itself and keeps the powder moist.

## OVERDA.

Death has again visited the home of James Kelley and taken from him his loving wife. She was loved by everybody who knew her. About a year ago she took sick and all efforts to secure relief were in vain.

On the tenth of March the Angels called her home to live with Jesus, where there is no sickness, pain nor death. She was 56 years of age and had been a member of the church for 30 years.

She leaves a husband 76 years of age and one son and a host of friends to mourn her loss. Weep not, husband, son and friends, just prepare to meet her where there is no parting.

## Hanging Them A Lemon.

The editor sat in his office whence all but him had fled, and he wished that every dead-beat was in his grave—stone dead. His mind then wandered far away to the time when he should die, and his royal editorial soul go scotching to the sky; when he'd roam the fields of paradise and sell o'er Jasper seas, and all things glorious would combine his every sense to please.

He thought how then he'd look across the great gulf dark and drear, that'll yawn between his happy soul and those who swindled him, and when for water they would call, and in agony they'd cower, he'd shout to them "Just quench your thirst with the dew that's on your paper."—Aroostock Republican.

### OUR NEIGHBORS.

The Court of Appeals has affirmed the case of Burchett vs. Clark, of Pike county.

An Ex-Attorney General of West Virginia and the present Attorney General both died last week. They were Edward P. Rucker and Clark W. May.

A. Floyd Byrd, of Winchester, has announced his candidacy for the Democratic nomination for Congress in the Tenth district.

Huntington, W. Va., April 26.—Robert Harrison and his 6-year-old son, Thomas, were killed by lightning at their home in this county today.

Rev. A. Lee Barrett, of Pikeville, who is soon to go to Covington, Va., to locate as pastor of the M. E. Church, South, there, will be succeeded by Rev. H. H. Lowry, of the Baltimore conference.

Joe Borders, the pioneer newspaper man of Louisa, is now promoting the sale of a large tract of land in Oregon. Guy Rice, a nephew, of Johnson county, Ky., is to have charge of all engineering and construction of the irrigation system to be put in. Mr. Borders is said to have prospered in the West.

Huntington, W. Va., April 25.—The bodies of William and Steve Carter who had been missing for two weeks were found in the woods near Mount Hope, by two boys. Both bodies had been stripped and nude and were badly decomposed. Two revolvers were found near the bodies, but there were no marks. How they came to their death has not been determined.

"Uncle Billie" Music, of East Fork, whom everybody knows in Catlettsburg, is enjoying a visit from his brother, E. C. Music, whom until last Friday he had not seen for 55 years. Fifty-five years ago Mr. Music took passage on an Ohio river steamer at the Catlettsburg wharf for Missouri, where he had made his home and had never visited this section of the country until now.

"Uncle Billie" and his brother were in the city en route up Sandy on a visit to two sisters living just above Paintsville. Mr. Music has three

sisters living and the one brother, all five members of the family being past 72 years of age, and all like "Uncle Billie" are hale and hearty, and give promise of living several years longer. The sisters living near Paintsville are 76 and 78 respectively, and Uncle Billie is 74.—Catlettsburg Tribune.

Huntington, W. Va., April 27.—The Brownsville affair was injected into the Fifth District Convention here today with a bitterness which threatened for a time to disrupt the harmony of the proceedings.

The trouble came when the Committee on Resolutions reported, presenting a paragraph endorsing the candidacy of W. H. Taft for the Presidency. C. K. Munroe, of this city, a negro attorney, offered a substitute resolution which, in effect, killed the original. The Munroe resolution was supported by W. S. Blackburn and J. K. Smith, colored orators. They denounced the action of the War department in discharging the negro soldiers after the Brownsville riots, and lauded Senator Foraker to the skies. Their remarks provoked a terrible cheer and hisses. After a stormy debate a compromise debate measure was offered which was accepted. This committed the convention to the support of the Senate bill now pending, providing for the reinstatement of the colored troops, and the delegates were instructed to vote for Taft according to the tenor of the original resolution. T. E. Hinton, of McDowell, and W. F. Hite, of Huntington, were named as delegates to the National convention. Abraham Lilley, of Raleigh county, was chosen presidential elector.

Samuel S. Jarrell, an aged and respected resident of this county, passed peacefully away at the home of his daughter, Mrs. Harvey Stewart, of this place, Wednesday morning, April 22, 1908. The deceased was known all over this and adjoining counties, having been a resident of Wayne county nearly all his life. He was 82 years of age and was a member of the Baptist church.

Mr. Jarrell had been confined to his bed since the 7th of last August, his ailment being a general breaking down of the system superinduced by age.

The funeral took place from the Ceredo Baptist church Thursday, conducted by Revs. Wm. Jarrell, of Mill Creek, and B. S. Akers, of Catlettsburg, Ky., after which the body was laid to rest in the Perdue cemetery, two miles southwest of town.

The departed leaves nine children, as follows: Jas. W., Columbus, and Henry Jarrell and Mrs. Harvey Stewart, of Ceredo; Mrs. Alex. Porter, of Radnor; John Jarrell, of Greenup county, Ky.; M. V. Jarrell, of Catlettsburg, Ky.; and Jesse Jarrell, of Wehler.—Ceredo Advance.

Pikeville, Ky., April 22.—A fearful tragedy occurred at the mouth of Knox creek a day or so ago. Harlin, Spratt and Howard Mounts, each aged 13, got drunk at a "blind tiger" at that place and engaged in a game of cards. They became involved in an altercation over the game and Spratt shot Mounts in the center of the forehead, bespattering the floor with his brains. He then fled to the Virginia border. Squire Hatfield of this county, had some one follow the boy and his capture was effected and he was brought here on No. 36 yesterday, tightly bound to a car seat, and placed in the county jail here. Mark you, this murderer and the murdered boy were each aged only 13 years. Such a state of degeneracy in boys so young is horrible.

J. H. Meek, attorney, of Wayne county, W. Va., came in Tuesday evening. In crossing the river at the mouth of Pineapple his horse fell with him and caused him to get off in the swift current whilst deep. In getting his horse up he lost his saddle bag with his papers which floated off down the stream. He came on in town and got a posse and went in search and found them lodged one-half mile below the ford.—Wyoming Mountaineer, April 17.

The Democrats of Wayne county, W. Va., will hold their primary election on Saturday of this week. There are some very warm races.

Roy Wilhoit, son of Buck Wilhoit, of Ashland, expects to be Senator Bradley's private secretary.

Fountainville, Pa., Feb. 16, 1902.

S. B. Hartman, M. D.

Dear Sir: I have been thinking of writing to you for some time to let you know what Peru-na did for me.

I am 37 years old. I lost my health about six or seven years ago. I first had dyspepsia and employed different doctors.

Last year I injured one of my kidneys. I had one of the best doctors for that. He put me to bed, not to move for two weeks.

I slowly recovered, but was so weak and prostrated that I could walk but a short distance. In fact I had to keep quiet.

I took several remedies, but obtained no relief. I also had catarrh in some form.

My wife advised me to take Peru-na, and it is with pleasure that I can say that by taking one and one-half bottle of your Peru-na, it cured me and I feel all right. I send this with many thanks to you, as I enjoy life again.

My wife has also been taking your Peru-na for asthma and it helps to relieve her. We keep your Peru-na in the house constantly. Again I say I thank you for Peru-na.

Sincerely yours,  
PHILIP KRATZ.

### RIGID RULES

The man who runs his business loosely places himself in the path of bankruptcy. The same rule applies to the banking business.

But strict rules are worthless unless the bank adheres to them. We maintain rigid rules in the conduct of our business; this is not only for our own good but also for the benefit of our customers.

To stand by a set of rules enables us to treat every patron of the bank the same, whether his business amounts to much or little. A fair and impartial treatment to all is well worth your careful consideration.

AUGUSTUS SNYDER, V. Pres.

M. F. CONLEY, Cashier.

L. H. York, J. F. Hackworth, R. L. Vinson, F. H. Yates, Directors.

G. R. BURGESS, Assistant Cashier.

Rigid rules protect our customers. It is possible for us to conduct a safe, conservative banking business, where every element of chance is eliminated.

We ask only a fair price for service and accommodation, and aim to give every depositor the best treatment and protection for funds.

Our many years' banking experience has taught us what not to do, and how to serve our customers to their advantage. Do you want A No. 1 service? We can give you such service.

You business will be the better for our rules—we seek the opportunity to prove this.
